OIL, GAS, & MINING

November 14, 1990

MEMORANDUM

TO: District Managers, Utah, Nevada, and Arizona Strip
FROM: District Manager, Richfield
SUBJECT: Record of Noncompliance, Paul Lamoreaux

Mr. Paul Lamoreaux of 195 North 200 East, Parowan, Utah 84761, has established a record of noncompliance under the 43 CFR 3809 regulations. Mr. Lamoreaux has been operating on his unpatented mining claims in the Richfield District without filing a Notice or a Plan of Operations. His operations in the Richfield District are surface excavations with very steep to overhanging, unstable, highwalls. He has created a public safety hazard, failed to reclaim disturbed lands that are not part of ongoing operations, and failed to remove trash and litter from his mining claims. Thus, unnecessary and undue degradation of the public lands has occurred and continues to occur. A Notice of Noncompliance was issued on September 11, 1990, and he has failed to comply with conditions required in this Notice of Noncompliance and the Federal surface management regulations.

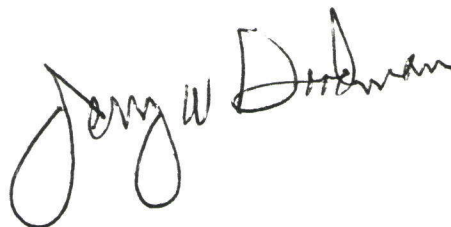

If Mr. Lamoreaux is operating in your District, I suggest that you require a Plan of Operations for notice level activity as permitted under 43 CFR 3809.3-2(e). If you require a plan, then Mr. Lamoreaux should post a bond for 100% of the estimated cost of reclamation, as required by the new BLM bonding policy described in IM-WO-90-582.

A list of the Utah townships in which Mr. Lamoreaux owns, or has owned, mining claims is attached for your information. Mr. Lamoreaux is principally involved with the mining and sale of lapidary materials.

If Mr. Lamoreaux complies with the Notice of Noncompliance and the Federal surface management regulations, you will be notified that the conditions of noncompliance have been resolved and the rescission of the requirement for a Plan of Operations and a bond for all mining operations on public lands.

Attachment:

As stated above

A handwritten signature in black ink, appearing to read "Gary W. Dickinson". The signature is fluid and cursive, with the first name "Gary" being more prominent than the last name "Dickinson".
